

State and Local Tax (SALT) Services

Bland & Associates, P.C. provides SALT specialization services. Our 30 years of experience and customized client solutions provide proficiency in:

- multi-state income tax compliance
- sales and use tax compliance
- franchise tax compliance

Professional multi-state tax specialists serve enterprises with:

- multi-state operations
- identifying tax saving opportunities
- relieving the tax return compliance burden associated with the multitude of state, county, and local tax jurisdictions

Clients also receive tailored advice and counsel through SALT consultations.

Maximizing financial potential and minimizing the amount of time and effort our clients expend requires us to maintain the proper legal knowledge across state lines. **Through our affiliation with BKR International, we are able to obtain information for any authority by working with members in various states.** Understanding how actions in one state may have consequences in another and anticipating these obstacles is vital to developing a successful tax plan for our clients. In order to fairly and accurately provide counsel, we adopt a team approach to multi-state tax consulting and provide premium comprehensive tax services.

We excel in:

- tax return preparation
- state income tax diagnostic reviews
- nexus research and review
- tax minimization strategy development and implementation
- corporate restructuring
- state tax audit management and defense
- tax credit and incentive management
- sales and use tax review
- tax research and issue analysis
- state tax education and training
- tax amnesty and voluntary disclosure agreement preparation
- personal property tax analysis
- unclaimed property management
- state tax updates
