

Small Business Services

Bland & Associates, P.C. understands the high level of involvement and commitment you have with your company. Whether you are just beginning or have a well-established reputation, the time, money, and pride you have invested in your business motivates you everyday to achieve your goals and maximize your company's potential.

Often, the personal stake you have in your own business can leave little time for analyzing, developing, and executing effective financial and management strategies aimed at optimizing your bottom line. **Bland & Associates, P.C. merges our expert advice focused on increasing profits, reducing costs, and improving operating efficiency** with your desire to maintain a hands-on approach to your business.

Our QuickBooks and accounting software consulting services, available to all business owners, give you the freedom to maintain a greater role in the profitability and operational strategies guiding your company. At Bland & Associates, P.C., we are able to train you on the logistics behind various accounting software platforms allowing you to manage a multitude of your accounting services from the convenience of your home or office. By working with one of our professional advisors to setup your accounting software services, you'll be able to control numerous facets of your financial obligations including payroll, inventory, billing, and data organization.

For over 30 years, Bland & Associates, P.C. has embraced the diversity of our client base and offers customized solutions for every business. We draw on our extensive experience and long-term relationships with attorneys, bankers, and financial service providers to provide you cost-effective means to meet, maintain, and surpass your financial expectations.
