

Tribal Organization Services Group

Offering comprehensive expertise and customized services, **Bland & Associates, P.C.** has represented Native American Tribes and Tribal organizations for over 25 years. Our extensive experience in serving Tribal organizations, gaming operations, and other Tribal entities, has instilled us with a passion for personalized assistance and consultation.

Our ability to maximize the economic potential for Tribal organizations directly correlates to experience and relationships with various outside associations. We have worked with:

- the Bureau of Indian Affairs
- the Office of the Inspector General
- the Office of Trust Fund Management
- the Reorganization Task Force
- the Native American Rights Fund (NARF)
- the Inter-Tribal Monitoring Association (ITMA)
- the Council of Energy Resource Tribes (CERT)
- the National Congress of American Indians (NCAI)
- the General Accountability Office

Strong working connections with these groups allows us to offer expedited results.

Working closely with Tribal organizations for many years has instilled us with a passion for integrity and quality of service. We offer traditional accounting, auditing, and tax services tailored to various Tribal needs, along with a full range of specific consulting services to ensure we meet our clients' needs and surpass their expectations.

We excel in:

- Tribal-wide audits
- internal control reviews
- specific program audits
- casino auditing
- financial reporting
- accounting systems design and implementation
- management consulting
- business planning
- federal financial assistance program compliance
- tax consulting and compliance
