**FOR IMMEDIATE RELEASE**  
October 15, 2009

**Omaha, NE** – Diana Busche, a Bland & Associates team member, participated in the Susan G. Komen 3-Day for the Cure in Chicago this summer, with her teammates to raise more than \$64,000 for fight against breast cancer. The most money raised by any one of the hundreds of teams that participated in the Walk.

Ms. Busche was part of an 18-member team with members from 7 states including Kansas, Nebraska, Illinois, Indiana, North Carolina, Minnesota, and Ohio. The “Catwalking Solesisters” team walked in celebration of Catherine “Cat” Borell, a friend who is battling breast cancer. Each member of the team raised an average of \$3,200. Ms. Busche personally raised \$3,500.

The team began training and fundraising in May for the 3-day, 60-mile walk. While the training was tough, the 18 team members believed it was well worth it.

“It’s a small price to pay and a small thing to give compared to those living with breast cancer every day,” says Ms. Busche. She not only walked for Ms. Borell, but in memory of a close family friend who passed away 10 days after being diagnosed with breast cancer and Robin Bland, the late wife of firm founder, Jerry Bland.

The walk takes place in 15 U.S. cities throughout the year to raise money for the Susan G. Komen Foundation. Next year the team plans to walk in the Twin Cities walk in Minneapolis, MN. For more information on the 3-day for the Cure, visit: <http://www.the3day.org>
